

Provided in partnership by IVS – PD, Learning Technology Centers, and ISBE Learning Support Specialists through an Intel Grant.

Exploring 21st Century Learning Concepts

Online Course Series

Illinois customized Intel® Teach Elements is a series of relevant, visually compelling online courses that provide deeper exploration of 21st Century learning concepts prepared to help educators transition to Common Core State Standards.

Each course serves as a catalyst for transforming the classroom to a digital learning environment that promotes **collaboration, creativity, and critically thinking** and supports four of the five major school climate elements measured by the **Illinois 5Essentials Learning Conditions Survey:**

- Ambitious Instruction
- Collaborative Teachers
- Effective Leaders
- Supportive Environment

Earn 21 CPDUs upon completion.

Designing Blended Learning

This course helps teachers transition to blended learning experiences and provides background rationale, planning strategies, and suggested technology tools.

*Supports the **Supportive Environment** target of the Illinois 5Essentials.*
